

HIDDEN SANCTUARY ESTATE

Photos were taken in May 2024

Great Estate with various areas for different styles of shots. In a small hidden gated community. The home has a massive 2 story New Guest House with all needed to live comfortable.

Amazing high open foyer in the main house accented with high-end decor and luxurious spiraling staircase which takes you to the bedrooms.

Such a clean , open floor plan. Easy to set up and move around .

This is my favorite New Home we have !

Great for all types of Productions.
